

KC MODES OF INSTRUCTION

How Do You Want to Learn at Kaskaskia This Fall?

At Kaskaskia College, we will deliver quality instruction no matter what life throws your way.

Face to Face

Classes will meet on KC's main campus or at an education center.

Online (OL)

Classes will be conducted online via Canvas. Students will work independently through course materials with instruction from a KC faculty member.

Online with Proctoring (OP)

Classes will be conducted online via Canvas but may require proctored orientation, testing, or examinations.

Blended (BL)

Classes meet partially at KC's main campus or education centers and partially online.

Flexible Blended (FB)

Students will work with their instructor to attend class in one of the following ways: in-person on campus, stay home and attend classes virtually via Zoom or similar technology, or watch the recorded class before the next course session.

If social distancing requirements are enacted by the State of Illinois or federal agencies, all classes will transition to remote learning and be conducted virtually. Your instructor will communicate with you regarding any transition through your KC email.

**If classes move to remote learning, students will need a minimum of a computer, webcam, and reliable internet.*
